

Textbook: MY FIRST CHINESE READER VOLUME 1 (Lesson 1-12)

Teaching goal :

Students will develop interest and confidence in learning the Chinese language and culture by listening, speaking, reading and writing. (by using textbook and songs)

Students will learn Chinese language materials covering self introduction, nationality/country, numbers, family/family members, date, fruit, food and more.

Students will acquire some preliminary knowledge of writing simple Chinese sentences using the words and patterns learned from each lesson.

Students will gain introductory Chinese Cultural knowledge and acquire preliminary cross-cultural competency and international perspectives.

Students will practice writing Chinese characters and learn the most commonly used radicals, the building blocks of Chinese writing.

Students will understand the basic language materials related to common personal and daily life.
